

## 2018 Monitor Training Workshops

**Workshops for Beginning and Experienced Monitors**

These workshops are for both beginning & experienced monitors. We'll teach and review the calls of our 13 frog and toad species, help monitors find survey sites, and discuss the monitoring protocol. Experienced monitors are encouraged to attend, in order to learn any protocol changes, obtain data sheets, review frog calls, and share lessons learned from last year. Volunteers only need to attend one workshop.
